

## Europass Curriculum Vitae

### Personal information

First name(s) / Surname(s)	<b>Dr. Ewa Maria Tabeau</b>
Date of Birth	26 April 1958
Address(es)	Prinses Beatrixlaan 582 - 528, 2595 BM The Hague, Netherlands
Telephone(s)	+31-70-3358230, +31-618969897
E-mail	<a href="mailto:ewa.tabeau@wur.nl">ewa.tabeau@wur.nl</a> or <a href="mailto:ewa.tabeau@gmail.com">ewa.tabeau@gmail.com</a>
Nationality	Dutch, Polish

### Work experience

Dates	June 2018 until the present
Occupation or position held	Senior project leader, senior researcher
Main activities and responsibilities	Research and research coordination in projects on global food and nutrition security, urban food systems in Africa, agricultural and food systems innovations, and demographic aspects of food and nutrition security, i.e. the population growth, labour force evolution, urbanisation, migration etc. Work on links between the global demographic and climate change, socio-economic development of countries, agricultural resources and food and nutrition security. Work on ethics of farming data governance in Europe, as part of the Internet of Food and Farms 2020 project (IOF2020). Coordination of CGE modelling activities of the MAGNET team of WEcR (EUR 1.5 mln/year), and of the EC AgEconII Framework Programme on Economic Modelling of Agriculture in Europe (EUR 1.5 mln/year). Both as Deputy of Prof. Dr.Hans van Meijl, the Scientific Director, WEcR.
Name and address of employer	Wageningen Economic Research, Wageningen University, Prinses Beatrixlaan 582 - 528 , 2595 BM Den Haag
Type of business or sector	Research institute, part of a university
Dates	March 2014 - May 2017
Occupation or position held	Senior research officer - demographer, expert-witness
Main activities and responsibilities	Expert research into victimization of the 1992-95 war in Bosnia and Herzegovina, and into assessment and processing of sources, including both the quantitative sources, such as the population census, household surveys, other large population surveys, registers of IDPs and refugees, exhumation records, DNA identification records, forensic reports etc., and the qualitative sources including witness statements, intelligence materials, research and monitoring reports, reports by international observers and other. Analysis of telephone records. Measuring and estimation of internally displaced persons (IDPs) and refugees and of war casualties, i.e. killed, wounded, missing, exhumed, (DNA) identified etc. and timing, location and causes of events. Producing expert and research reports for use in trials. Expert testimonies in court, including in RATKO MLADIC trial.

Name and address of employer	UN International Criminal Tribunal for the former Yugoslavia (ICTY), P.O. Box 13888, Churchillplein 1, The Hague, The Netherlands
Type of business or sector	International criminal court
Dates	September 2011 – February 2014
Occupation or position held	Senior project leader, senior researcher
Main activities and responsibilities	<p>Senior Researcher/Senior Project Leader in the area of global food and nutrition security and bio-based economy in Europe. Project coordination and management. Giving lead to research teams from across the world, including Africa, Asia, North and South America, Europe. Communication with the European Union (EU), country partners and project stakeholders – policy makers. Acquisition. Dissemination of project results through publications, Internet websites, &amp; social media. Organization of project events (seminars, conferences). Financial management. Record keeping and reporting.</p> <p>Main projects:</p> <p><b>- Exploring the Future of Global Food and Nutrition Security, FOODSECURE, FP7 2012-2017:</b> a large scale integrating project (EUR 10.5 million) responding to challenges in food shortages and price volatility world wide by providing stakeholders, in the EU and beyond, with the capacity to address the short- and long-term food and nutrition security. Drawing on an expert multi-disciplinary research team to provide a complete set of tools (knowledge, models and scenarios) to inform and guide decision makers and other stakeholders in formulating strategies to alleviate food shortages.</p> <p><b>- System Analysis Tools Framework for the EU Bio-Based Economy, SAT-BBE, FP7 2012-2015:</b> a coordination and support action project (EUR 685k) bringing together international expertise in macro-economic modelling, to produce a systems analysis of the bio-based economy (BE) in Europe. Also measuring the necessary extent for transformation of the European economy as a whole to a bio-based foundation. Tools used were modelling and non-modelling analytical methods, organised in evaluation and monitoring methodologies for future use in the EU BE strategy.</p>
Name and address of employer	Agricultural Economics Institute (LEI), currently Wageningen Economic Research, Wageningen University, P.O. Box 29703   Alexanderveld 5, The Hague, The Netherlands
Type of business or sector	Research institute, part of a university
Dates	September 2000 - September 2011
Occupation or position held	Senior research officer and unit head, expert-witness
Main activities and responsibilities	<p>Establishing and leading as Unit Head the Demographic Unit (DU), Prosecutor's Office, with about 5 staff in The Hague and occasionally teams with about 10 staff down in the region of the former Yugoslavia, 2000-2011. Research into demographic consequences of the 1990s wars in the former Yugoslavia, and into various questions related to the ICTY indictments, case theories, legal motions submitted by the prosecution and defence during court proceedings, and into other legal and non-legal documents and information sources. Development of methods and procedures for cross-referencing and merging sources, duplicate elimination, dealing with source biases, and establishing relational databases through individual matching. Leading the preparation of complex information systems for individual tracking of victims and survivors for investigative and trial needs. Leading and coordination of projects with up to 10 researchers. Expert-witness testimonies for the prosecution in the highest profile trials, including e.g. SLOBODAN MILOSEVIC, RADOVAN KARADZIC, STANISLAV GALIC, VOJISLAV SESELJ and many others.</p> <p>Development and maintenance (together with the DU) of Prosecution Population Databases (PopDB), i.e. micro-level tracking systems for producing individual life transition histories and reference statistics to all trials and investigations at ICTY. The PopDB contains, for Bosnia and Herzegovina, the 1991 population census (4.5 mln records), voters registers of 1997, 1998, 2000 (each 2.7 mln records), victim death records (about 200,000), missing persons lists (22,500 records), exhumation records (20,000), DNA identification records (18,000), other forensic records, local surveys (e.g. Sarajevo 320,000), register of displaced and refugees (570,000 records) etc. Development of methods for dealing with source biases, incompleteness &amp; other deficiencies, cross-referencing &amp; merging of sources, linking them through individual matching, enabling to trace individuals over time and space. Processing and analysis of meta-data information. Processing and analysis of telephone records etc.</p>
Name and address of employer	UN International Criminal Tribunal for the former Yugoslavia (ICTY), P.O. Box 13888, Churchillplein 1, The Hague, The Netherlands
Type of business or sector	International criminal court

Dates	May 2009 - September 2009, reactivated and continued in 2016
Occupation or position held	Senior research officer and expert witness
Main activities and responsibilities	Expert research into victimization of Khmer Rouge regime in Cambodia, 1970-1975. Specifically, critical assessments of existing estimates of Khmer Rouge casualties and proposals for the most reliable and best documented victim numbers, which could serve as a solid demographic basis in the ECCC trials. Producing expert report(s).
Name and address of employer	Extraordinary Chambers of the Courts of Cambodia (ECCC), P.O. BOX 71, National Road 4, Chaom Chau Commune, Porsenchey District, Phnom Penh, Cambodia
Type of business or sector	International criminal court
Dates	July 1991 - August 2000
Occupation or position held	Researcher and project leader
Main activities and responsibilities	Research into modelling and forecasting of mortality and health processes in the Netherlands and other European countries, and into prospects for life expectancy and longevity. Leading, coordinating and completing research projects with up to 5 researchers. Making publications. Acquisition. Acting as advisor for Dutch and international organizations (e.g. Eurostat - Statistical Office of the European Union; ING Group - Life Insurance NL, Goldman & Sachs - Life Insurance USA, Statistics Netherlands, British Government Actuary Department) for their projects on mortality and health development and prediction. Supervising M.Sc. and Ph.D. students. Peer review for international and national journals.
Name and address of employer	Netherlands Interdisciplinary Demographic Institute, Lange Houtstraat 19, 2502 AR The Hague, The Netherlands
Type of business or sector	Research institute
Dates	September 1983 - June 1991
Occupation or position held	Research-and-teaching assistant
Main activities and responsibilities	Academic teacher in descriptive (basic and socio-economic) statistic, mathematical statistic and statistical inference, and demography to undergraduate courses (50% of time). Research into mortality differentials and determinants in Poland and writing the PHD dissertation on this subject (50% time).
Name and address of employer	Institute of Statistics and Demography, Warsaw School of Economics (SGH), Aleje Niepodleglosci 162, 02-554 Warsaw, Poland
Type of business or sector	Economic University - higher education
Dates	June 1981 – August 1983
Occupation or position held	Research assistant
Main activities and responsibilities	Research into economic issues, in particular into production functions for sectors of the Polish economy, for needs of other departments at the Office. Computer programming.
Name and address of employer	Research Centre for Statistics and Economics, Statistics Poland (GUS), Aleje Niepodleglosci 208, 00-925 Warsaw, Poland
Type of business or sector	Central Statistical Office of Poland
Principal subjects/occupational skills	Principal subjects: <ul style="list-style-type: none"> <li>• Urban food systems in Africa, food systems innovations, and demographic aspects of global food and nutrition security</li> <li>• Population growth, labour force evolution, urbanisation, migration globally</li> <li>• Linkages between the global demographic and climate change, socio-economic development of countries, agricultural resources and food and nutrition security</li> <li>• The future of ethics of farming data governance in Europe</li> <li>• Vision and scenario development for global food security and bio-based economy in Europe in support of European stakeholders</li> </ul>

Principal subjects/occupational skills	<p>Continued:</p> <ul style="list-style-type: none"> <li>• Research into war-related migration in the former Yugoslavia and Cambodia, 2000-2017</li> <li>• Quantification and assessment of victimization in the Autonomous Region of Krajina - 1992, Bosnia and Herzegovina, UN ICTY, projects from March 2014 onwards.</li> <li>• Quantification and assessment of victimization of the fall of Srebrenica in 1995, Demographic Unit, UN ICTY, ten projects in 2000-2013 and continuation from March 2014 onwards.</li> <li>• Estimation of the death toll of 1992-95 war in Bosnia-Herzegovina, UN ICTY, 2005, 2009-2010</li> <li>• Quantification and assessment of casualties in the siege of Sarajevo, Bosnia-Herzegovina, UN ICTY, 2003, 2007, 2009</li> <li>• Estimation of internally displaced persons and refugees in the 1992-95 War in Bosnia-Herzegovina, UN ICTY, several in 2000-2013</li> <li>• Victimization of the 1990s wars in the former Yugoslavia: consultancies for international organizations: ICRC several in 2008-2011; ICMP several in 2006-2017; Embassies of Norway and Switzerland to Bosnia-Herzegovina 2007</li> <li>• Measurement of casualties of the 1990s wars in the former Yugoslavia: consultancies for human rights NGOs: Documenta Zagreb 2010; Helsinki Committee for Human Rights Belgrade 2009; Research and Documentation Centre Sarajevo 2007</li> <li>• Excess deaths and migration during the Khmer Rouge Regime in Cambodia, 1975-1979, Extraordinary Chambers of the Courts of Cambodia (ECCC), 2009</li> <li>• Forecasting of mortality (overall and by cause of death) in developed countries, NIDI, 1995-2000</li> <li>• Assessment of prospects for life expectancy and longevity in developed countries, NIDI, 1995-2000</li> <li>• Assessment of prospects for life expectancy/ longevity in developed countries: consultancies for statistical authorities: EUROSTAT; ING Group-Life Insurance NL; Goldman &amp; Sachs-Life Insurance USA; Statistics Netherlands; British Government Actuary's Department, 1995-2000</li> </ul>
Principal subjects/occupational skills covered	<p>Project coordination competencies:</p> <ul style="list-style-type: none"> <li>• Coordination of the MAGNET CGE modelling team of WEcR, 25-30 projects/year, EUR 1.5 mln./year, 2019 and continuing</li> <li>• Coordination (as a deputy) of the AgEcon framework programme of the EC, app. 10+ projects, app. EUR 800k/year, 2019 and continuing</li> <li>• Coordination of LEAP-AGRI project #259 NOURICITY, (NL Ministry of Agriculture, EUR 250k), 2018-2021</li> <li>• Coordination of the MAGNET Labour Market project, (EC, EUR 150k), 2019</li> <li>• Coordination of FOODSECURE project (EC FP7, EUR 10.5 mln), 18 international partners, 2011-2014</li> <li>• Coordination of SAT-BBE project (EC FP7, EUR 685k), 14 international partners, 2012-2014</li> <li>• Coordination of multiple demographic research projects of the criminal intelligence analysis type, with up to 10 staff at the OTP, ICTY, 2000-2017</li> <li>• Coordination of multiple demographic research projects with up to 5 staff at NIDI, the Netherlands, 1995-2000</li> </ul>
Name and type of organisation providing education and training	<p>Degrees/Diplomas:</p> <p>Ph.D. in Mathematical Demography, 1991, Warsaw School of Economics, Poland</p> <p>MSc in Economics, Field of Statistics &amp; Econometrics, 1981, Warsaw School of Economics, Poland</p> <p>Baccalaureate in Mathematics and Physics, 1976, Liceum Ogólnokształcące (equivalent of the NL Athenaeum High School), Sierpc, Poland</p> <p>Accredited CEDR Mediator, 2016, Centre for Effective Dispute Resolution (CEDR), UK</p> <p>Certified Crime and Intelligence Analyst, 2016, California State University and California Department of Justice, USA</p>

## Certificates:

Crime Analysis Applications, January 2016, California State University and California Department of Justice, USA

Criminal Investigative Analysis, March 2015, California State University and California Department of Justice, USA

Criminal Intelligence Analysis, December 2014, California State University and California Department of Justice, USA

Investigative Research Methods, November 2014, California State University and California Department of Justice, USA

## International fellowships (no degrees or diplomas obtained):

- July, 2007: "Assessing Public Health in Emergency Situations", Centre for Research on the Epidemiology of Disasters (CRED), School of Public Health, Brussels
- Sept/1995 to Dec/1995, "Statistical modelling of mortality of the oldest-old in France since 1800", Institut National D'Etudes Demographiques (INED), Paris, France
- Nov/1990 to Dec/1990, "Age-period-cohort modelling of historical mortality in Germany", Bundesinstitute für Bevölkerungswissenschaft (BIB), Wiesbaden, Germany

### Personal skills and competences

Languages, Self-assessment

*European level*

**English**

**Dutch**

**German**

**Russian**

**Serbo-Croat**

#### Mother tongue: Polish

Understanding		Speaking		Writing	
Listening	Reading	Spoken interaction	Spoken production		
Excellent	Excellent	Excellent	Excellent	Excellent	
Very good	Very good	Very good	Very good	Good	
Good	Good	Basic	Basic	Basic	
Good	Good	Basic	Basic	Basic	
Basic	Basic	-	-	-	

Social skills and competences

Communicative, proactive, motivated and motivating, team player, ability to collaborate with people of different social, economic, national and cultural backgrounds

Technical skills and competences

Specialist in statistics, inferential and descriptive, mathematical demography, statistical modelling of mortality, population projections, research into forced migration.

Specialist in large scale data processing, esp. survey data processing and analysis incl. the population census and other large population surveys, methods for handling deficient and incomplete data (micro and macro).

Specialist in methods and approaches for estimation and counting of war/conflict victims.

Specialist in crime and criminal intelligence analysis.

Specialist in mediation-based conflict resolution in the area of employment and commercial conflict

Computer skills and competences

MS Access, SPSS, MS Excel, MS Word, MS Power Point, MS Outlook, Internet searching engines, Adobe Acrobat Professional, several types of specialized legal software for evidence processing and court presentation/analysis, several types of specialized software for project coordination and financial management and other.

Organisational skills and competences

- Significant skills in project coordination and management, and financial and legal administration
- Significant skills in communication (international expert witness in ICTY trials, international level e.g. EC, UNHCR, ICRC, IOM etc., government level, e.g. BiH, Croatia, global project level etc.)
- Significant experience in leadership of units/teams, (e.g. Most recent: leadership of two large research programmes at WEcR (MAGNET and AgEcon) and several international research projects on Europe and Africa; 2000-2011 head of the Demographic Unit, ICTY; leadership of research projects on war victims at ICTY; leadership of field projects on survey and qualitative data collection and processing in the former Yugoslavia; leadership of large-scale micro- and macro-level information systems for compilation of victimization statistics and statistical modelling purposes; leadership of research projects on European demographics at the Netherlands Interdisciplinary Demographic Institute, The Hague
- Significant organizational, planning and executing skills in international research

- Other skills and competences
- Significant skills in lecturing, including:
    - Lecturer for international organizations: ECCC Phnom Pen 2009; ICRC Geneva 2007; and for UN ICTY (Legal Advisors Meetings, Advocacy Courses, Outreach Lectures, Induction Courses etc.), systematically in 2000-2011 and 2014 onwards
    - Lecturer at universities and research institutes, including University of Southampton (UK); Warsaw School of Economics (PL); Netherlands Interdisciplinary Demographic Institute (NL); Brussels School of Public Health (BE), Sarajevo University (BH)
  - Significant skills in researchers supervision (MSC thesis supervision, NIDI, 1995-2000) and research reviewing (PhD reviewer, research reviewer)
  - Significant skills in peer assessment (Reviewer for: European Journal of Population, Journal of Peace Research, Mathematical Population Studies, Demographic Research, Studia Demograficzne, Springer, Thela Thesis etc.
