### Work experience

<b>Dates</b>	December 2002 to present
<b>Occupation or position held</b>	Strategic Senior Scientist with Wageningen Economic Research
<b>Main activities and responsibilities</b>	Researcher and project leader currently focussing on ex-ante policy assessments, exploring future impacts of autonomous trends and policies on economic, nutrition, sustainability and inequality indicators. These integrated assessments rely on MAGNET, a global model of the world economy, where needed supplemented with models adding sub-national detail. MAGNET has an innovative modular structure to address research questions related to nutrition and bio-economy while accounting for interactions among countries through for example international trade and greenhouse gas emissions. Leads the MAGNET development strategy and contributes to shaping the institute's research investments as strategic senior scientist for the international policy group.
<b>Name and address of employer</b>	Wageningen Research P.O. Box 29703, 2502 LS, The Hague, The Netherlands
<b>Type of business or sector</b>	Economics Research Institute
<b>Dates</b>	June 2015 to present
<b>Occupation or position held</b>	Founder and owner of Studio Marijke Kuiper
<b>Main activities and responsibilities</b>	Independent interior architect; recent projects include design of an expanded living area in a historic farm house and conversion of two floors of a regular office building into a co-working space with ample room for socializing.
<b>Name and address of employer</b>	Studio Marijke Kuiper Nijlantsingel 23 6709 TR Wageningen, The Netherlands
<b>Type of business or sector</b>	Interior Architecture and Product Design Studio
<b>Dates</b>	April 2012 until June 2012
<b>Occupation or position held</b>	Intern

Main activities and responsibilities	Research on transforming empty buildings, supporting architects in design projects (CAD drawings, 3D modelling, artist impressions, checking if building specifications are conform legal requirements)
Name and address of employer	JHK Architecten Hondiuslaan 44, 3528 AB, Utrecht, The Netherlands
Type of business or sector	Architecture firm
Dates	January 1998 to February 2004
Occupation or position held	PhD researcher
Main activities and responsibilities	Developing village models, integrating household models in an applied general equilibrium framework, to assess the effect of economic policy reforms on rural institutions and soil degradation in South-East China. Co-organizing household surveys in China.
Name and address of employer	Development Economics Group, Wageningen University Hollandseweg 1, 6706 KN, Wageningen, The Netherlands
Type of business or sector	University

### Education and training

Dates	June 2013
Title of qualification awarded	Interior Architect
Principal subjects/occupational skills covered	Translation an artistic vision into a feasible spatial design (small scale architecture and interior architecture)
Name and type of organisation providing education and training	Utrecht School of the Arts
Dates	January 2005
Title of qualification awarded	PhD.
Principal subjects/occupational skills covered	Thesis on village level CGE modelling with a case study in China
Name and type of organisation providing education and training	Wageningen University
Dates	September 1997
Title of qualification awarded	M.Sc. Rural Development Studies (graduation with distinction in Development Economics)
Principal subjects/occupational skills covered	Thesis on regional bio-economic modelling with a case study in Cost Rica and a thesis with a game theoretical analysis of joint abatement of greenhouse gas emissions
Name and type of organisation providing education and training	Wageningen University
